

PP Møbler

PP70

Wegner designed pp70 for PP Møbler in 1975, because he thought that many of his chairs lacked a suitable table of high quality. The idea behind this table was to create a simple and genuine, round dining table that would honour the uncompromising philosophy of woodwork as practiced by PP Møbler.

The pp70 table is a strong testament to Wegner's enthusiastic process of gradually building up a product line for PP Møbler featuring only the very best of his works. In this context, the pp70 constitutes the basic round table.

pp70 is available in three standard sizes: 126cm, 140cm, and 154cm, and they all come with an extension and supporting legs.

Design by Hans J. Wegner 1975
