

# GUBI

## 2.0 DINING TABLE ROUND

The GUBI 2.0 Table by GUBI is made of the finest materials contributing to its unique and exclusive identity. With its circular or elliptical shape, the table celebrates the authentic way of bringing people together and enables an intimate interaction whether it is for dinners, meetings or relaxed socialisation.

For the GUBI 2.0 Table, the GUBI Design Team has proceeded from the circle's characteristics and the idea of where circle meets circle. It is constructed with either one or two circular bases standing on a circular plate and finishes with a rounded table top. With its clean lines and simple details, yet sturdy and exclusive materials, this table collection brings forward fresh and different opportunities for use and styling in combination with the entire GUBI collection of modern contemporary classics.
