

PP Møbler

PP129 WEB CHAIR

Wegner's primary material was always solid wood. Nevertheless, having designed the pp550 Peacock Chair in 1947, it was not until 1968 that Wegner created an expressive easy chair with solid wood as the dominant material, namely the Web Chair. Its playful and ample armrests immediately bring to mind Wegner's sense of joy at shaping solid wood, while at the same time the chair manifests the distinct idea of transparency in a nonetheless sturdily constructed and comfortable easy chair.

The history of the Web Chair reveals Wegner's insistence on artistic integrity. Despite the expressive use of solid wood, Wegner introduced the Web Chair by showcasing six chairs all painted bright red!

pp129 comes with flag halyard in nature or black. The clips connecting the flag halyard come in stainless steel, brass or black. Seat and neck cushions come in fabric or leather, and the cover for the neck cushion comes in a range of fabrics specifically suited for carrying the cushion.

Design by Hans J. Wegner 1968
