MODERN LINE CHAISE LONGUE

Creating an exclamation mark in the interior, the Modern Line Chaise Longue is extended from the original Modern Line Sofa, designed in 1949 by the legendary Greta M. Grossman. Taking the low back and seat as inspiration, the elongated chaise longue invites for serious lounging with maximised enjoyment. The Modern Line Chaise Longue possess an understated elegance and a sense of lightness, which stays true to Grossman's design and vision, and brings life and character to any interior space.

Design by Greta M. Grossman 1949

DIMENSIONS 70 W X 75 H X 1380
