

# Cherner

The Cherner Chair Company

## SIDE ARMCHAIR

Originally introduced in 1958, the iconic molded plywood armchair by Norman Cherner is found in collections worldwide. Reissued in exacting detail from the original drawings and molds, the armchair elegantly combines a unique molded plywood shell of tapering thickness, a solid bent wood arm and a laminated wood base. Armchairs are available with upholstered seat pads in variety of finishes and veneers.

Designed by Norman Cherner 1958

### Seat Pad Options:

Cherner seating products can be ordered with seat pads or seat and back pads. Pads are comprised of molded plywood forms padded with 3/4" of foam and wrapped with one of the following options: customer's own material (COM), Maharam Fabric, or Spinneybeck leather.

Seat pads must be installed at the factory and must be ordered at the same time as chairs or stools. Seat pads cannot be purchased separately or installed on previously purchased chairs.

- None
- Seat Only
- Seat & Back

### Finishes:

#### Natural

"Natural" finishes have a clear top coat where the natural variations in the color and the grain of the wood are clearly visible. No stain or color enhancements are used. Seating products with a "Natural" finish include: Beech, Red Gum and Walnut.

Natural Walnut

Natural Beech

Natural Red Gum

Natural White Oak

#### Classic

Aniline dyes and water-based low VOC varnishes are used to produce a finish where the natural grain texture of the wood is clearly visible with uniform color throughout. Classic color finishes are: Walnut, Ebony or Stella Orange.

Walnut and Ebony

Classic Walnut

Classic Ebony

Stella Orange

#### Lacquer

Products with a lacquer finish are smooth to the touch with a uniform color with no wood grain visible. There are no natural variations in color or texture. Lacquer finishes are available in Ebony or White.

Ebony and Beech

Ebony Lacquer

White Lacquer
